

LYON produces double effects.

Ozone and UV produces powerful disinfection.

Ozone degradation

Double power of disinfection and deodorization.

UV irradiation

UV and ozone can be generated at the same time by adjusting output in lamp. ※Patent pending

■The traditional method is to use different lamps of different wavelengths: an ultraviolet lamp for disinfection (253.7NM) and an ozone lamp for ozone production (184.9NM).

LEON produces two different wavelengths from the same lamp by changing output in lamp.

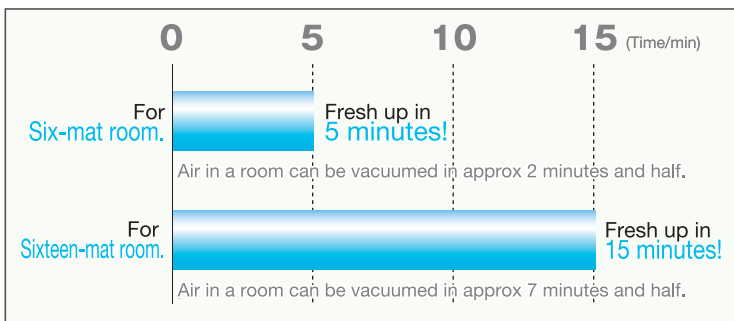

■Its running cost is inexpensive because its material is only oxygen in the air

■No residual toxicity at all and we don't need to worry about secondary contamination, therefore, this allows the LYON to be a environmental-friendly product.

Option If more speed and power required, the lamp for ozonator exclusive use can be provided.

※The shape and voltage is the same as usual lamp.

Measures of effect.

There is assured reason why LYON can produce high effect.

Built-in forced circulation fan makes your environment comfortable powerfully and speedy.

- Built-in forced circulation fan can deodorize and disinfect up to 16-mat.
- Ozone and UV have a powerful antioxidative potency and it can enables cell wall such as virus, mold and germs to be destructed and resolved very quickly.
- Strong oxidation sterilizes and eliminates even the most persistent odors.
- It can be helpful against pollen and allergy.
- Keeping vermin away such as ticks and cockroaches.

It can go any space you want.

It can go any space you want.

■ Compact size 205mm × 70mm × 126mm can go vacant space in room.

Provided attachment offers wall hanging use.

■ Using provided optional attachment, you can choose between wall hanging and desktop.

Type	TM-08IRZ	Rated voltage	AC100V (using AC adapter)
Working lamp	O ₃ · UV ランプ (8W)	Rated power consumption	14W (using AC adapter)
Lamp duration	9000 時間	Amount of generated ozone	7 mg/h
Mass	720 g	Amount of UV exposure	7500 μW/h
Dimension	200mm × 70mm × 126mm		
Optional lamp	For O ₃ exclusive (8W) · Amount of generated ozone 16mg/h		

space Clean -Series products of SPACE CLEAN-

[For factories use]

■ SPACE CLEAN. MTS Series
Deodorize and disinfect powerfully and safety.

[For hospitals and elder care facilities use]

■ SPACE CLEAN. PLUS Series
Deodorize and disinfect in a way of human-friendly.

[For cars and hotels use]

■ Handy Clean
Deodorize and disinfect quickly and easily.
